---

i acknowledge receipt of my copy of your telefax yesterday afternoon to dr. hackenberg. i did not receive page 1 of your draft letter and perhaps you can send this to me.

inasmuch as your draft text is in the german language, which i do not read, i would appreciate receiving in due course an english language translation of your letter to professor cramer. i do not require an english translation of your draft letter unless you or dr. hackenberg wish to have my input at this stage.

regards,
